Excellent

Good

good

None

nice

Good presentation of topics
Thoroughly prepared the topics by teachers
Greatly explained the units

N.A.

No suggestion

First observation And suggestions make *teaching a two way interaction
*Better garaphics and visual media to engage students well.
*Try to every student reach and ask for their doubts.

Teaching, Innovative ideas

All good

- 1) Field study to classroom learning ratio can be improved.
- 2) Practical assignments can be assigned rather than pen paper assignment.

Overall all teachers and staff is excellent and supportive.

1. Capus is made restricted for students because the security personals / bouncers in the campus treat us in very bad manner.
2. There are lot of promotional activities of movies etc which are not really helpful rather institute can confuct guest lectures where students get to interact with indutry professionals.
3. Really appreciate the teaching staff they are very friendly and helpful.

....

Communication skills with as, problem solving, teaching methods

Very good

All Teaching Staff Is Very Good Thankyou For Mentoring Me

Should give notes not through PPT but dictation as well.
Should me make compulsory English speaking within the premises .
Should encourage all students more to take active participation in every activity going on in the college .

Should give notes and teach us without ppts and conduct practical activities.

Give notes

Should give notes. Teach without PPT. Focus on English communication and should be give to us practical knowledge rather than theoretical.

Overall the experience of learning is superb. I have learnt many practical aspects from the teachers

1. Practical aspects should be focused
2. Interaction between students and teachers have to be increased
3. Lectures have to be more interactive

All good

Nothing

Need projector improvement and voice improvement. Improve in computer lab and teaching

techniques

Good experience

No any

Effective Course Content

Personalised Guidance

Teaching and guidance is very excellent but the main think to improve very well is placement.

Experience

Not Available

1) additional courses

2) step by step start up knowledge

3) internship placement

All Good, No Need any suggestions

Placements need to improve, overall good

Improve placements

1. Timely placement activities

2. Many classroom have technical issue like Lcd monitor not working properly becuae of this impact on learning

3. So many restrictions for using lab

Tech in detail

Give us placement drives..

It is good .

There is no need for suggestions to improve they are already giving there best

Teachers actually care for students but i guess students will be more happy when they are provided with everything with more clarity and transparency at the start of semistar

Use better graphics and visual media to engage students well...

Try to reach every student and ask for their doubts. ... Make teaching a two way interaction.

All good no need to improve

Students should be allowed In the class if sometimes become late because of long distance from college

College timing should be 9 to 4 instead of 9 to 5 or sometimes 9 to 6

Teachers should discuss about the assignment submission dates with each others as mostly every subject teachers submission dates are same and students can't be able to complete their tasks in time.

1. Need new teaching staff for improving our other skills like Interview preparation, improving soft skills, For Providing Placement Etc.
2. Need to new mentors for preparing other courses.
3. others.

No

Communication is good
Extra curricular activities
Placement department

over all good

Teachers are very good

- 1: institute should teach subjects according to latest trends in IT
- 2 institute should help students in their mini projects since most first year students have not proper guidance on how to make mini project on their own.
- 3: institute should guide students on how to crack interview.

Should focus on practical knowledge more than theoretical .

- 1) Use Mike while teaching so everyone hears it properly.
- 2) class tests should be held.
- 3) provides imp questions for the university exam instead of taking extra sessions.

I dont think so its all good and i am thankful to all my respective techers.

Overall Good

To teach some topics more deeply . And with more examples.

Learning experience is excellent.

Please guide the students in good sound and please understand the working students condition and help them please

Ensure assessment , provide demonstration of learning and target students

Institute management and teaching staff are supportive in the academic and curricular activities.

Take some informative sessions about particular specialization which in turn will help the

students to get a good placement.

N/O

Teach more deeply

Excellent

Help BA mba students for placements

No Suggestion

Increase interaction with students

Lecture schedule should be arranged properly

Nice teaching

College timing

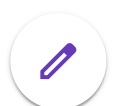

Need to provide more practical knowledge with the latest information regarding job and skills which is required

skills

Great
